📄 SUMMARY

6 years in IT industry. Primarily worked as a Backend API Developer using **JAVA, Spring Boot**, JPA, RESTful API's, Maven and SonarQube, worked in building CI-CD pipeline with Jenkins for deployment in Azure VM, also worked as a Frontend Developer with Angular. Ability to work effectively in a team, motivating the team and contributing ideas to enhance productivity. Good real-time projects experience and excellent Documentation skill.

📁 WORK EXPERIENCE

PricewaterhouseCoopers (PwC India), Senior Associate

11/2022 – Present | Kolkata

- Working in insurance platform backend for customer as well as bank employees.
Tech used : **Java, Spring Boot, JPA, PostgreSQL, Microservices, Feign Client, SonarQube, Jenkins, Azure VM**
- Developed **Recruitment Tracking system** which will be used by HR and managers for demand and selected candidates mapping. Skills used : **Java, Spring Boot JPA, Spring Security, MSSQL, Azure Devops, Azure App Service.**

Tata Consultancy Services, Systems Engineer

08/2020 – 11/2022 | Kolkata, India

- Client - SBI CARD
- Sales24** - Sales24 is the origination of the credit card journey used by SBI CARD. From onboarding, validating the customer's data, checking cibil score of the customer, completing the KYC of the customer digitally, and finally creating a physical credit card for the customer.
- Bugs Fixes - Analyzed and Fixed multiple **production bugs** (ETQ, Sync Issue and others) and developed new features with **Java, Spring Boot, JPA, Hibernate and REST Microservices**. Used **Git, Jenkins** and **Weblogic** to deploy applications.
- User Source Code Mapping - Decreased effort by 95%** by introducing an interface using **Angular 7** where SBICARD managers can map their associates to particular groups directly.
- Automation - Automated a **Twitter Bot** to avoid sending data manually to client.

📁 PROJECTS

AI Fitness App [🔗](https://sgfitness.vercel.app), Live Link - <https://sgfitness.vercel.app>

04/2026 – 07/2026

- A fitness platform with Java + Spring Boot Microservices, automated cicd pipelines and observability with OpenTelemetry
- Tech Stacks used : **Java, SB, Microservices, Eureka, API Gateway, Kafka, PostgreSQL, MongoDB, Keycloak, GitHub Actions, Rpsy, Supervisor, Microsoft Azure VM, Nginx, Supervisor, Openobserve, Coveralls, Snyk**

Courseopedia - Fullstack [🔗](https://courseapi.vercel.app), Live Link - <https://courseapi.vercel.app>

02/2022 – 03/2022

- Courseopedia is a fullstack project where users can list for various Topics, Courses and Lessons for their own use.
- Tech used : **Spring Boot, Spring Data JPA, Hibernate, Angular, Git, Heroku, Vercel, PostgreSQL.**

Todoify FullStack App [🔗](https://todoify.vercel.app), Live Link : <https://todoify.vercel.app>

04/2022 – 05/2022

- Todoify is a FullStack Application designed by Angular+ Spring Boot with JWT auth, where logged in user can Create, Update, Delete todos .
- Tech used : **Spring Boot, Spring Data JPA, Angular, Spring Security, Restful API, PostgreSQL, Heroku, Logger, Lombok, Git**

🧠 TECHNICAL SKILLS

Backend

Java, Spring Boot, Spring Cloud, Spring Data JPA, Hibernate, RESTful APIs, Spring Security, Keycloak, Apache Kafka

Database & Microservices

PostgreSQL, Oracle SQL, MongoDB, Redis, **Eureka**, Spring Cloud **Gateway**, Spring Cloud Config Server

DevOps & Cloud

Git, Jenkins, GitHub Actions, Microsoft Azure VM, Rpsy Artifact Storage, Supervisor, **Nginx**, Docker

Monitoring & Code Quality

OpenObserve, OpenTelemetry, Jaeger Tracing, **SonarQube** (SAST), **Snyk** (OWASP), Coveralls, Trivy

Frontend

Angular, Bootstrap, HTML, CSS, Vanilla JavaScript, TypeScript

🎓 EDUCATION

B.Tech in ECE (CGPA: 8.33),

Techno Main Salt Lake (MAKAUT)

07/2016 – 06/2020

Higher Secondary (Percentage: 86%),

Bagnan High School (University: WBCHSE)

2014 – 2015

Secondary (Percentage: 92%),

Bagnan High School (University: WBBSE)

2012 – 2013

📄 CERTIFICATIONS

- [Microsoft Certified: Azure Fundamentals \(AZ-900\)](#) [🔗](#)

- [Microsoft Certified: Azure Data Fundamentals \(DP-900\)](#) [🔗](#)

- [Oracle Cloud Infrastructure Certified Foundations Associate](#) [🔗](#)

- [Oracle Cloud Infrastructure Certified Architect Associate](#) [🔗](#)

Travelops Travel Agency UI [🔗](https://travelops.vercel.app), Live Link- <https://travelops.vercel.app>

05/2021 – 08/2021

- Travelops is a fully customized, beautiful Travel Agency UI design with multiple designed pages
- Tech Used: Bootstrap, JS, HTML, CSS, Vercel

AWARDS & RECOGNITIONS

06/2023

Spot Award for Recruitment Tracking System [🔗](#), PricewaterhouseCoopers LLP

2022

Performance Band & Appraisal, Tata Consultancy Services (TCS)

- Highest Performance Band(A) and Highest Appraisal rating in TCS in a row for 2 years (2021, 22)
- Top Performer Recognition from Project Leadership

10/2021

Hacktoberfest 2020 & 2021 reward winner, DigitalOcean

07/2020

Secured in TOP 20 Teams in Future Proof Hackathon 2020 [🔗](#), Techno India University, Kolkata
